SUMMARY

B.Tech Computer Science student building full-stack web apps with React, Node.js, Express and MongoDB. Built and deployed two projects featuring JWT authentication, REST APIs and responsive Tailwind CSS interfaces. Seeking a web development internship to contribute to real frontend and backend work.

SKILLS

Languages: JavaScript (ES6+), Python, Java, SQL, HTML, CSS
Frontend: React.js, React Router, Tailwind CSS, Axios, Context API
Backend: Node.js, Express.js, REST APIs, JWT and cookie-based authentication, bcrypt
Databases: MongoDB (Mongoose), MySQL
Tools: Git, GitHub, Vercel, VS Code, Jupyter Notebook

PROJECTS

NoteShare – Student Notes Sharing Platform | *React, Node.js, Express, MongoDB, Tailwind CSS* Live · GitHub

- Built a full-stack platform where students create, share, search and manage academic notes, with filtering by subject and semester.
- Implemented JWT authentication with HTTP-only cookies, bcrypt password hashing and protected routes; each note is tied to its creator.
- Developed REST APIs for full CRUD operations using Express and Mongoose; deployed frontend and backend together on Vercel.

BudgetBaby – Personal Finance & Budgeting App | *React, Node.js, Express, MongoDB, Tailwind CSS* Live · GitHub

- Built an authenticated dashboard showing budget allocation, spending progress and recent transactions, filterable by month and year.
- Created budget, category and purchase management APIs, with backend queries scoped so users can only access their own data.
- Implemented auth flow with React Context, an Axios interceptor and public/protected route guards; responsive on desktop, tablet and mobile.

Other Projects

- Cineplex Management System: menu-driven cinema ticket booking system with database-backed reservation, customer management and admin operations.
- To-Do List Application: Python task manager for organizing and tracking daily tasks.

EDUCATION

I.K. Gujral Punjab Technical University, Jalandhar **2023 – Present**
B.Tech, Computer Science Engineering | CGPA: 7.5+

S.D. Senior Secondary School **2022 – 2023**
Class XII | 85.6%

CERTIFICATIONS

- React JS – Solitare Infosys
- Introduction to Prompt Engineering with GitHub Copilot – Microsoft (Sept 2026)
- AI Tools and ChatGPT Workshop – be10X (Sept 2026)
- Python Programming – NPTEL, IIT Madras
- Introduction to Cloud Computing – NPTEL, IIT Kharagpur
- Also: Computer Architecture (IIT Madras), Introduction to Machine Learning (IIT Madras), Theory of Computation (IIT Kanpur) – NPTEL
